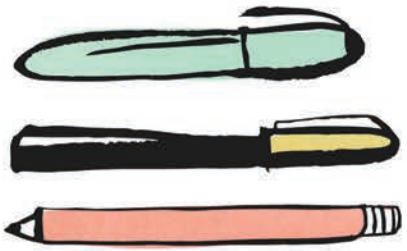
ENVELOPE tips

1. pencils & markers



Use different kinds of markers and colored pencils, from thick to thin.

2. Lettering styles

Maybe use outline for the lucky recipient's name–outline lettering can be filled in with decorations or color. Use a contrasting style for each line on the address. You can also mix up capital and lowercase letters.

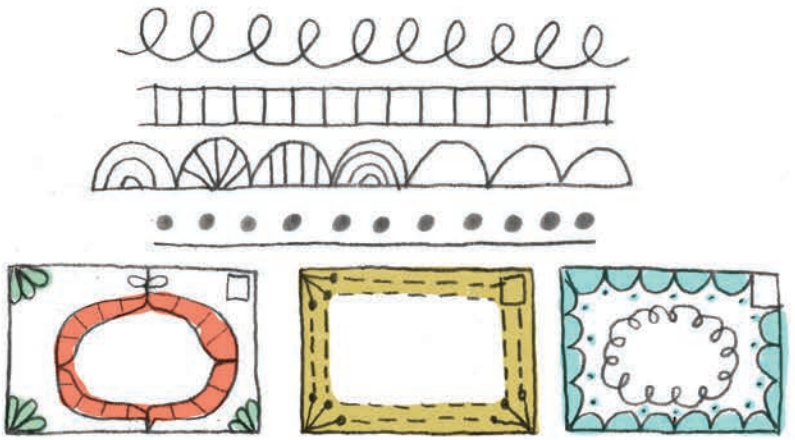
3. embellish

Doodle and decorate your envelope!

4. borders

You can draw borders around the edges of your envelope or around the address:



Or you can use Washi tape to create a border with instant color and pattern. Whatever you do, have fun! Your personalized envelope will make someone's day.
